New Patient Gastroenterology Referral

We will contact the new patient directly to schedule a consultation with a Gastroenterologist. If the patient is being scheduled for a Screening Colonoscopy, and has no GI signs or symptoms, they will be scheduled for the procedure without a consultation with a Gastroenterologist unless otherwise requested.

Please complete this form entirely and **FAX to 843-692-9621**. Please include a copy of the patient's recent medical record pertinent to the referral with the fax so the request can be processed.
