Coronavirus COVID-19

We are closely monitoring the coronavirus (COVID-19) and taking precautionary measures to ensure the safety of both staff and patients. If you or anyone you have shared close contact with has traveled to an area impacted by coronavirus within the 14-day window, please contact us to reschedule your appointment!

If you are experiencing flu-like symptoms, including fever, cough or shortness of breath, please call 843-449-3381 to reschedule your appointment.

We will continue to keep our office and endoscopy open for office visits and procedures as long as we can. Please note this is an evolving situation and may change. We are currently working on telehealth options for our patients that do not want to come to the office. Please call our office for more information about telehealth options.

Stay up to date on the coronavirus here.
